CRSI Honors wants to recognize your successful outcomes.

ANNOUNCING
THE 2018 **CRSI HONORS**
Design and Construction Awards
CALL FOR ENTRIES

Submissions accepted March 1, 2018 thru June 1, 2018.

Visit the **CRSI HONORS** website at honors.crsi.org for more information and to submit your entry online, or for details on submitting by mail.

For more than 40 years CRSI has recognized excellence in the design and construction of reinforced concrete buildings and bridges.

It pays to share your stories of success and innovation. Your achievement will inspire prospective clientele and tomorrow's design and construction leaders.

Submittals will be accepted March 1, 2018 thru June 1, 2018.

The 2018 **CRSI HONORS** program is open to all project team members including owners, designers, builders and structural material suppliers.

Eligible structures utilize reinforced concrete as the primary structural system and must have been completed between January 1st, 2015 and May 1st, 2018.

Complete program details available at honors.crsi.org.

Entries can be submitted online or by mail and there is no limit on entries. Categories include all major concrete building uses and bridge types.

Need Assistance?

For information or support with your project submittal please contact Dave Mounce, Director of Communications at dmounce@crsi.org.
