|---|-----|--|------|
| <b>Acknowledgements</b>   | ii  | <b>Drilled Pier Design for Lateral Loads</b>   | 6-1  |
| Chapter 1   |     | 6.1 General  | 6-1  |
| <b>Introduction</b>   | 1-1 | 6.2 Overview of IBC Chapter 18 Design Provisions as Applied to Drilled Piers                             | 6-1  |
| 1.1 General   | 1-1 | 6.3 Overview of AASHTO Design Provisions as Applied to Drilled Piers                                     | 6-1  |
| Chapter 2   |     | 6.4 Unified Structural Design Procedure for Drilled Piers Subject to Combined Vertical and Lateral Loads | 6-1  |
| <b>Loads</b>  | 2-1 | Chapter 7  |      |
| 2.1 General   | 2-1 | <b>Drilled Pier Head Connection Detailing</b>  | 7-1  |
| 2.2 Loads for Building Structures   | 2-1 | 7.1 General  | 7-1  |
| 2.3 Loads for Bridge Structures   | 2-2 | 7.2 Pinned Head Drilled Pier-to-Pile Cap Connections   | 7-1  |
| Chapter 3   |     | 7.3 Fixed Head Pile-to-Pile Cap Connections  | 7-1  |
| <b>Drilled Pier Behavior and Soil-Structure Interaction</b>                                 | 3-1 | 7.4 ACI Development Lengths for Drilled Pier Connections   | 7-1  |
| 3.1 General   | 3-1 | 7.5 AASHTO Development Lengths for Drilled Pier Connections  | 7-2  |
| 3.2 Load Case I: Vertical Load $P_u$  | 3-1 | Chapter 8  |      |
| 3.3 Load Case II: Combined Axial, Shear, and Moment Demand                                  | 3-2 | <b>Auger Cast Piles</b>  | 8-1  |
| Chapter 4   |     | 8.1 General  | 8-1  |
| <b>Dimensioning and Detailing Drilled Piers</b>   | 4-1 | Chapter 9  |      |
| 4.1 General   | 4-1 | <b>Design Examples</b>   | 9-1  |
| 4.2 Overview of IBC Chapter 18 Detailing Provisions as Applied to Drilled Piers             | 4-2 | 9.1 General  | 9-1  |
| 4.3 Overview of AASHTO Detailing Provisions as Applied to Drilled Piers                     | 4-2 | 9.2 Design Example #1:   | 9-1  |
| 4.4 Design Aids for Building and Bridge Structures  | 4-3 | 9.3 Design Example #2:   | 9-3  |
| Chapter 5   |     | 9.4 Design Example #3:   | 9-5  |
| <b>Drilled Pier Design for Gravity Loads</b>  | 5-1 | 9.5 Design Example #4 (Building Application):  | 9-7  |
| 5.1 General   | 5-1 | 9.6 Design Example #5 (Building Application):  | 9-10 |
| 5.2 Overview of IBC Chapter 18 Design Provisions as Applied to Drilled Piers                | 5-1 | 9.7 Design Example #6 (Building Application):  | 9-13 |
| 5.3 Overview of AASHTO Design Provisions as Applied to Drilled Piers                        | 5-2 | 9.8 Design Example #7 (Bridge Application):  | 9-16 |
| 5.4 Unified Structural Design Procedure for Drilled Piers Subject to Compressive Loads Only | 5-2 | 9.9 Design Example #8 (Bridge Application):  | 9-19 |
|   |     | 9.10 Design Example #9 (Building Application):   | 9-22 |
|   |     | Chapter 10   |      |
