

**Submittals accepted March 16 through June 1, 2020.**

The 25th anniversary CRSI HONORS program is open to all project team members including owners, designers, builders and structural material suppliers. Eligible structures utilize reinforced concrete as the primary structural system and must have been completed between January 1st, 2016 and December 31st, 2019.

**Complete program details available at [honors.crsi.org](http://honors.crsi.org).**

After completing the form, include supplemental files (photos, drawings, additional text documents, etc.) in a single folder and upload your project using the website URL provided in your confirmation email.

## STRUCTURAL SYSTEM SELECTION

**Competition:** Did reinforced concrete compete with other structural framing systems on this project? If so, what other system/s?

**Key Influences:** What below factors most influenced the decision to choose reinforced concrete? *(select all that apply)*

- |  |  |  |
|--|--|--|
| <input type="checkbox"/> Flexible Design         | <input type="checkbox"/> Sustainability          | <input type="checkbox"/> Economy of Construction |
| <input type="checkbox"/> Durability / Resilience | <input type="checkbox"/> Sound/Vibration Control | <input type="checkbox"/> Industry Innovations    |
| <input type="checkbox"/> Financial Savings       | <input type="checkbox"/> Aesthetics              | <input type="checkbox"/> Designer Friendly       |

**Influences:** What other factors influenced the decision to choose reinforced concrete?

**Unique Factors:** What special considerations weighed most significantly in system selection?

## RESPONDING WITH REINFORCED CONCRETE SOLUTIONS

**Innovation:** Were any innovative approaches involved in design and/or construction? *(Please attach supporting images, if applicable.)*

## OUTCOME OBJECTIVES & CONDITIONS

**Overall:** Please summarize any unique outcome objectives expressed by the owner

**Occupant Operations:** Does any intended occupant have special ongoing operational needs from, or goals for, the building?

**Design Challenges:** What have been the principal project challenges? *(Please attach detail as needed)*

**Jobsite Conditions:** What, if any, special local conditions exist impacting constructability?

## RESULTS (optional)

**Owner Satisfaction:** Is the owner satisfied with the project outcome? *Please include any statements in the file upload.*

---

**Occupant Satisfaction:** Is the occupant satisfied with the project outcome? *Please include any statements in the file upload.*

---

**Project Awards:** Has there been other recognition/awards for this project? *Please include details in the file upload (year, awarded by, recognition).*

---
