Concrete Reinforcing Steel Institute Appoints New Board Members and Executive Committee

SCHAUMBURG, ILLINOIS, June 15, 2011 – The Concrete Reinforcing Steel Institute (CRSI) is pleased to announce the election of two new members to its Board of Directors at the CRSI 87th Annual Business meeting.

Anthony Errico, Sales Manager of Nucor Steel was elected to serve as the Board representative from the Atlantic Region. Brice Wager, Vice President / General Manager of Gerdau Ameristeel will serve as an at-large member of the Board. The new Board of Director members will serve a three-year term.

Additionally, at the Annual Business Meeting the 2011-2012 CRSI Executive Committee was elected by the Board. The Executive Committee now includes:

Chairman	John P. Simmet	Simcote
Vice-Chairman	Mathew Brace	CMC Americas
Secretary/Treasurer	Michael Deis	Dayton Superior
Past Chairman	Robert J. Stone	Nucor Steel
At-Large Members	Chris Casey	Bec-Don

James (Pete) L. Diggs Gerdau Ameristeel

“Our new Board members with their experience and insights on the concrete reinforcing steel industry will provide fresh opportunities for CRSI to continue to be a leader in the industry and a benefit for the members,” said Robert J. Risser, President and CEO of CRSI. “We value the needs and opinions of all our members and strive for diverse representation on the Board so we can continue to serve all segments of our industry.”

For additional information on these appointments or CRSI, contact Darren Szrom, Vice President of Marketing and Communications, at (847) 517-1200 or via e-mail at dszrom@crsi.org.

About Concrete Reinforcing Steel Institute

Founded in 1924, the Concrete Reinforcing Steel Institute (CRSI) is a trade association that stands as the authoritative resource for information related to steel reinforced concrete construction. Serving the needs of architects, engineers and construction professionals, CRSI offers many technical publications, design aids, software programs, educational seminars, promotional activities, membership functions and design award programs. CRSI members are manufacturers, fabricators and placers of steel reinforcing bar and related products, and professionals who are involved in the research, design and construction of reinforced concrete. Serving the construction market in the United States, Canada and Mexico, CRSI is headquartered in Schaumburg, Ill. with regional offices located across the United States.
