### **Concrete Reinforcing Steel Institute Announces New Board of Directors Slate**

(SCHAUMBURG, IL – December 14, 2022) The Concrete Reinforcing Steel Institute (CRSI) announces the election of two new members to its Board of Directors for their first three-year terms:

- Micah Bodily, Western States/Rocky Mountain Rebar
- Carrie Sayers, ABC Coating Michigan

Additionally, CRSI confirmed two members to its Board of Directors for their second three-year terms:

- Robert McClean, Commercial Metals Company
- Eugene McManus, Nucor Harris Rebar

CRSI also thanks the following members for their service to CRSI and the industry who will be rotating off the Board:

- Marcela Acuña, ABC Coating Oklahoma
- James Melvin, Re-Steel Supply Co. Inc.

“I’m excited to welcome the new members to the Board of Directors as well as express gratitude to Marcela Acuña and James Melvin for their service on the Board. Each member of the Board holds essential skills and perspectives that are vital to directing CRSI’s future endeavors. I look forward to the year ahead, confident in the effective leadership of our active and engaged institute members,” stated Danielle Kleinhans, President and CEO of the Concrete Reinforcing Steel Institute.

The full Board of Directors was approved at the Board of Directors meeting on November 16, 2022 at the 2022 Fall Business and Technical Meeting at the Ritz-Carlton in Chicago, IL. The 2022/2023 Board consists of:

### ***About the Concrete Reinforcing Steel Institute***

Founded in 1924, the Concrete Reinforcing Steel Institute (CRSI) is a technical institute and Standards Developing Organization (SDO) that stands as the authoritative resource for information related to steel reinforced concrete construction.

Serving the needs of engineers, architects, and construction professionals, CRSI offers many industry-trusted technical publications, standards documents, design aids, reference materials and educational opportunities. CRSI Members include manufacturers, fabricators, material suppliers and placers of steel reinforcing bars and related products as well as professionals who are involved in the research, design, and construction of steel reinforced concrete. CRSI also has a broad Region Manager network that supports both members and industry professionals. Serving the construction market in the United States, Canada, and Mexico, CRSI is headquartered in Schaumburg, Ill. with regional offices located across the United States.
