Concrete Reinforcing Steel Institute Announces New Board of Directors Slate

(SCHAUMBURG, IL – December 6, 2018) The Concrete Reinforcing Steel Institute (CRSI) announces the election of two members to its Board of Directors for three-year terms:

Mary Becker, Nucor Steel Sedalia LLC
Spence Peters, Steel Dynamics, Inc.

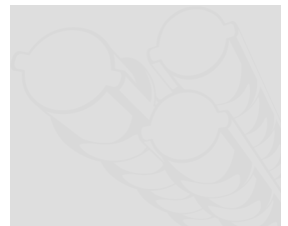

“I am excited that Mary and Spence have been appointed to this new role as they are active and engaged members within the Institute. I am confident they will be effective as part of the Board in directing CRSI’s future success,” stated Danielle Kleinhans, President and CEO of the Concrete Reinforcing Steel Institute.

The full Board of Directors was approved at the Business Meeting held during CRSI’s Fall Business & Technical Meeting on October 23rd, 2018 at the Hyatt Centric Magnificent Mile in Chicago, IL. The 2018/2019 Board consists of:

About the Concrete Reinforcing Steel Institute

Founded in 1924, the Concrete Reinforcing Steel Institute (CRSI) is a technical institute and Standards Developing Organization (SDO) that stands as the authoritative resource for information related to steel reinforced concrete construction.

Serving the needs of engineers, architects and construction professionals, CRSI offers many industry-trusted technical publications, standards documents, design aids, reference materials and educational opportunities. CRSI Members include manufacturers, fabricators, material suppliers and placers of steel reinforcing bars and related products as well as professionals who are involved in the research, design, and construction of steel reinforced concrete. CRSI also has a broad Region Manager network that supports both members and industry professionals. Serving the construction market in the United States, Canada, and Mexico, CRSI is headquartered in Schaumburg, Ill. with regional offices located across the United States.
